

United Way Program

Many employers deduct contributions from payroll and send it to the United Way. The United Way supports hundreds of human service agencies, like BLESS USA. You can choose to direct your United Way contribution at your workplace to BLESS USA.

Simply indicate on your **campaign designation form** that you wish to designate a specific agency. If you do not find BLESS USA listed as a member agency in the directory, write **BLESS USA** as the name of the agency and provide the contact information (P.O. Box 384, Cedar Grove, NJ 07009, (973) 857-4299).

If you have contributed \$250 or more, you will receive a tax acknowledgment letter from United Way at the end of January. Contributions less than \$250, and made through payroll deductions, are reflected on the December 31st paycheck statement. This statement substantiates the year's United Way donations in accordance with the IRC.
